

### Rounding to the nearest 100

1. Use the number line to round these numbers to the nearest 100.

- a. 281                      b. 374                      c. 201                      d. 256  
e. 350                      f. 249                      g. 300                      h. 255

2. Use the number line to round these numbers to the nearest 100.

- a. 1 605                      b. 1 689                      c. 1 551                      d. 1 510  
e. 1 661                      f. 1 550                      g. 1 601                      h. 1 599

3. Round these numbers to the nearest 100.

- a. 432                      b. 578                      c. 34                      d. 891  
e. 50                      f. 542                      g. 218                      h. 961  
i. 1 839                      j. 9 209                      k. 3 250                      l. 13 461  
m. 2 799                      n. 19 999                      o. 1 270 234                      p. 4 950

4. Estimate the answers to these questions by rounding each number to the nearest 100.

- a.  $312 + 564$                       b.  $87 \times 523$   
c.  $14\,674 \div 121$                       d.  $759 \times 478$

5. Francesca rounds 17 890 to the nearest 100 and gets 18 000.

What mistake has she made?

What is the correct answer?
